Bay High Opened Baseball Season Tuesday

By Rodney Agustin
The 1969 baseball schedule got under way at full swing beginning April 1, 1969. The Tigers of Coach Wimpy Seymour will be led into the tough schedule by catcher Paul Wood and pitchers Jackie Strong, the only two men coming out for their fourth year.

A total of 17 boys showed up on opening practice day and all of them showed willingness to play.

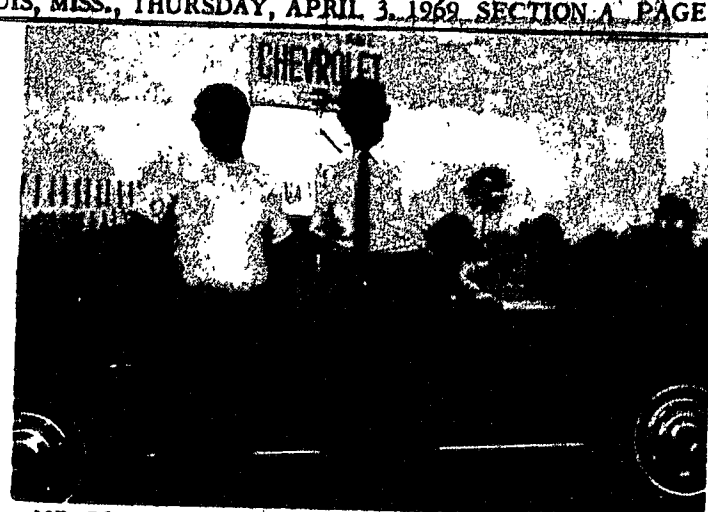

Returning lettermen for their fourth year are Jack Strong, Paul Wood, Second year men include Walden Curry and John Dougher. Those coming out for the team are Joe Paul, Dan Boudreau, Randy Starita, Myron Labat, Paul Raynaud, Edward Herndon, Marty Herndon, Wendell Williams, Ricky Kidd, Davey Joe Kidd, Chip Prevou, Steve Smith and Orville Ferrell.

The schedule is as follows:
1969 BASEBALL SCHEDULE
Tues. April 1, Stone - there
Thurs. April 3, Ocean Springs - here; Wed. April 9, Notre Dame - there; Fri. April 11, Long Beach - here; Mon. April 14, Harrison Central - there;

Drops Opening Baseball Game

By Rodney Agustin
The Bay High Tigers of Coach Wimpy Seymour lost their first ball game of the year, by a score of 17-8 to Stone. Jackie Strong, the pitcher for the Tigers started out but before the end of the game Coach Seymour, had gone through all available players at that position. Jackie Strong, however, led the Tigers with a credited 2 runs batted in.

Errors were very costly to the Tigers, and it proved to be their margin of defeat. The game was called because of darkness after 5 1/2 innings. Scores by innings were as follows, with Bay High listed first.
BH 2 3 0 1 2 0 - 8
Stone 3 9 0 3 2 - - 17
Probable starters for Thursdays game against Ocean Springs are as follows: Pitcher - Jack Strong, catcher - Paul Wood, 1st base - Dan Boudreau, 2nd base - Paul Raynaud, 3rd base - Ed Herndon, shortstop - Wendell Williams, left field - Myron Labat, center field - Orville Ferrell, right field - Joe Paul.

Sailing Club Has Kickoff Meeting

A dinner-meeting of the Bay-Waveland Yacht Club Sailing enthusiasts was held last Saturday evening, April 20. The meeting was chaired by the BWYC Race Committee Chairman Ballard Argus, who stated the main goal of the group was to win races, especially the Lipton Cup Race which has evaded the Club except once in the last fifty years.

Argus introduced the following as his working committee: Executive Board: Ballard Argus, Ray Stieffel, Travis Hensley, Jack Manerian, and Paul Fasnacht; Training Chairman: slay the bench press, squat, and dead lift. Officials feel certain of a good turnout as teams including William Carey College, Mississippi State, Mississippi Southern, Jackson Y.M.C.A. of Jackson, at Joe's Gym of Bay St. Louis have already expressed interest in participating. Several teams are still to be heard from since the final day of registration is not until April 4.

Weights begin at 12 noon and the meet gets underway at 1:00 p.m. The St. Stanislaus gym.

The success of this meet and its future depends on your participation as sports fan.

Traffic Emergencies Can be Met Safely

The Mississippi Highway Patrol said today that most emergencies that motorists encounter in traffic can be dealt with safely.

J. D. Gardner, chief of the highway patrol said, "Even the best drivers will at times find themselves in an emergency situation. These situations can develop through mechanical failure or improper actions by others. The actions taken by these drivers will determine to a large extent the end result of such situations."

The Patrol leader said that once it is too late to avoid an emergency, drivers find themselves forced into dangerous maneuvers. Gardner urges drivers to plan ahead and try to leave room for an escape route. Some of the emergencies and their possible remedies which Gardner listed included:

Blowouts - Maintain a firm grip on the steering wheel and steer in a straight line. Do not

brake, let off the accelerator and slow gradually. Accelerator Sticks - Put your gear shift into the neutral position or depress your clutch, then switch off the ignition and coast to a safe stop on the shoulder.

Imminent Crash from the Rear - A driver seeing that he is going to be hit from the rear should take his foot off the brake and lay across the front seat to prevent whiplash. Immediately after the impact he should attempt to stop the car by applying the brakes.

Imminent Head-On Collision - This type of accident should be avoided at all cost. Try to reach the shoulder, even the ditch is better than a head-on crash. If there are cars to the right, it is better to force them to the right than to meet an on-coming vehicle. Dropping onto the Shoulder - Grip the steering wheel firmly. Do not apply the brakes, but ease off the accelerator and continue with two wheels on the shoulder until the car slows. Only then should you try to ease back onto the roadway.

The Mississippi Highway Patrol urges that every driver practice defensive driving and avoid these situations.

OLG FAIR

Our Lady of the Gulf Church has changed the date of the annual Parish Fair to June 28-29 in lieu of June 21-22 as originally announced.

Anyone who wants to help with the Fair can call the Rectory.

All members are urged to attend.

LIFE SAVERS

Americans helped win a race with death for a teen-age girl critically ill at Avicenna Hospital, Kabul, Afghanistan. A CARE-MEDICO team doctor diagnosed the infection on her heart valve, then cabled the agency to fly the antibiotic that cured her. Such help is provided by contributions to MEDICO, a service of CARE, New York 10016.

Easter Season Remains Happy Time for Tots

Twenty-five kindergarten children from Christ Episcopal Day School enjoyed a trip to Happy Chick and Rabbit Farm, and a tea party at the Hecht Japanese Garden, Pass Christian, hosted by Mrs. George Smith Jr. and Mrs. A. W. Cooper.

Accompanying the group were Mrs. L. R. Stehling, Kindergarten director, and Mrs. Harry J. Bowes.

Class mothers were entertained Wednesday morning with a musical story entitled Peter Rabbit in conjunction with an exhibit of their art work. Cookies for the occasion were iced and decorated by the children.

A Computer is in Nearly Every Home

As talk turns to the world of computers, it inevitably turns to the computer in the home. But computers are very much a part of the world. Unknowingly, many Americans (including St. Louis residents) have a computer in their homes.

According to D. H. Presley, manager of South Central Bell, ninety-one per cent of the nation's 100 million telephones are tied into the largest computer -- the distance dialing network. The computer is called "the DDD" and is programmed to get the caller to his destination, no matter how far out of the way the destination is. The computer also takes advantage of the differences and facilities that are temporarily idle, but certain months of the year, calls from St. Louis to New York travel by way of Miami, for example.

The computer network is in the American Telephone and Telegraph Company's Long Lines Department. The status center in New York City, lights on a status board tell at a glance how busy each section of the network is. The computer is also used to route calls to the correct board in 18 regions of the country and Canada. It gives detailed information on the status of each line in its individual areas. The computer is split into several centers and sectional centers. The computer is connected by a 300,000 long distance line.

Regional centers for South Central Bell are in Birmingham, Alabama, Jackson, Mississippi, Louisville, Kentucky, Memphis and Nashville, Tennessee.

Building Program

On at PRC

Construction of a new addition building and the remodeling of the existing building of the Jefferson Davis Memorial Library is scheduled to start in the next few weeks at Pearl River College.

According to President J. Edgar Hoover, the installation of the new boilers in the building is now complete. The demolition of the old building is scheduled to start next week. Seal Construction Company of Bogalusa, Louisiana, was awarded the contract which calls for the demolition of the work in one building and the construction of a new building.

The separate bid which Seal received for \$6,000.00 on the building, will occupy the site vacated by the old building and will face the new building. It will also have an entrance from the new building, and will house the new office, guidance office, and the college, dean of men, dean of women and other offices.

The renovation of the old building will have the same space, but the building will have an exciting new appearance. The interior will be new and the exterior will be a new look, with out-of-the-way leading to the new building.

The new building will contain four business offices, a lecture room, a room and five other offices. The new building will be completed in the next few weeks.

The renovation of the old building is in progress, the building will be moved to the new location. The new building will be completed in the next few weeks.

TO THE VOTERS OF BAY ST. LOUIS

I TAKE THIS MEANS OF ANNOUNCING MY CANDIDACY FOR THE OFFICE OF

MAYOR OF BAY ST. LOUIS

My Qualifications Are:

- 1. Experience:** A previous term as mayor from 1949 to 1953;
- 2. A Knowledge of Municipal Finance and Municipal Management:** Seven years with the Mississippi State Department of Audit has given me a useful knowledge in this particular field;
- 3. Business Management:** Since 1941 along with two other partners, we have conducted a successful and financially sound business operation in the community;
- 4. Community Interest:** Among other things, a candidate for public office should be one who has taken an active interest in the affairs of the community. I have tried my best to live up to this principle during all of my adult years.

YOUR VOTE IN THE FORTHCOMING ELECTION WILL BE MOST APPRECIATED

City-County Public Library

Teen Times

As a tiny handful of readers have contributed a tiny number of items for this column, we'll pass on a tiny bit of news to you this week!

Bay Junior High Band members returned from Gulfport Saturday with one superior and one second rating in district competition.

The engagement of pretty Sue Wood to Roy Barnett of Piquette is announced on a society page of this week's echo.

Alex Romanoff is reported to be recuperating satisfactorily from surgery performed in Jackson on his knee a couple of weeks ago. He sustained the injury in spring practice at Mississippi State.

Billy Thomas, another Mississippi state athlete, is now a student football coach. Former Bay High basketball star GoGo Necaise walked away with top scoring honors in conference play.

L.R. and J.V. are said to be admiring a picture of a certain young lady.

Does Tommy S. have five or six? Probably six.

William Redo is in line for a get well wish. He's getting around, however, despite the heavy cast on his arm.

How was Majorie R. able to consume five drum sticks in a single meal?

Will L.R. put the mysterious picture on display?

Does J.Z. know about Harold?

Some where, sometime, someone will walk up to you and say "I didn't like him anyway."

S.S. and M.M.'s romance seemed to be running to difficulties, but all appears to be going smoothly once again.

Debbie P. is now going steady with a Piquette boy. Wonder if she's really forgotten J.R.?

K.M. is M.L.'s favorite yo-yo!

Did the 'Mardi Gras boy' ever sell his mustard stained size eight and one-half-B shoes?

Vickie Schart visited some of her former haunts last weekend.

L.P. and C.D. are still a steady twosome.

The long time romance of Charlotte Glass and David Call appears about to become a permanent arrangement. David presented her with a lovely engagement ring Saturday. However, both intend to further their educations before trekking to the altar.

The Pascagoula territory. Permission has been granted by the U.S. Corps of Army Engineers for building of a fishing bank approximately two-and-one-half miles south of Dog Keys and this work will get under way as soon as weather permits. Underwater banks will be marked with Coast Guard approved buoys and these will be maintained by the committee.

USM Day Celebrated in Hancock County

Hancock County Alumni members met March 30, to celebrate University of Southern Mississippi Day. The group met at the home of Mrs. Mrs. Nicholas Haas in Bay St. Louis.

Card tables were set up in the carport to serve the 55 members present. The tables were attractively decorated with the U.S.M. colors of gold and black, and each was centered with small U.S.M. banners.

After a short business meeting, barbecued chicken, hamburgers, potato salad, green salad, and iced tea were served, followed by cake and coffee.

The new officers elected were as follows: president, Nicholas Haas; vice president, Andre Arceneaux; and secretary and treasurer, Mrs. Jeanne D. Williams. The directors appointed by the president were Mrs. J.E. Erwin and Richard Thames.

Girl Scouts Hold Day Camp Meeting

Bay St. Louis Neighborhood Day Camp Committee met on Tuesday, April 1, at the home of Mrs. Jean Wood.

The theme this year is Indians. The Juniors will work on their Indian Lore badges. The Cadettes will earn a Camp Craft badge.

Camp dates are June 9-14, and will be held at the M.T.F. Park. Parents are asked to start thinking about day camp for their girl scouts. Only the first 120 girls registering, out of the 400 eligible, will be accepted. The registration forms will be given to the leader at the April neighborhood meeting.

Serving on the committee will be Mrs. Jean Wood, director and co-ordinator; Mrs. Edward Snow, site and water; Mrs. John Wilkerson, equipment; Mrs. Royce Shiyon, health and safety; Mrs. Robert Clapp, staff recruiter; Mrs. Charles Lader, business manager; Mrs. Joe Griffin, nutrition; Mrs. Alvah Rühr, transportation; Mrs. Jack Schrock, program; and Mrs. Frank Hille, publicity.

Stork Shower For Mrs. Newman

Mrs. Gilbert Newman III was honored with a baby shower on Saturday night, March 31, at Our Lady of the Gulf Parish Hall.

Hostesses were Mrs. Dorothy Weidman, aunt of the honoree, and Mrs. Marion Beal. A wishing well holding a stork and a baby doll highlighted the pink and blue decorations, a pink bassinet was used for the gifts.

The table was decorated with a large blue and white cake trimmed with booties and miniature rattles.

Coronas of white carnations trimmed with pink and blue baby rills were presented to the honoree, honoree's mother, Mrs. Catherine Mayer, her mother-in-law, Mrs. Gilbert Newman II, and grandmother, Mrs. Tony Bourgeois.

LOCAL ALUMNI, like others all over the world, celebrated University of Southern Mississippi Day on March 30. Holding the cake are Mrs. Jeanne D. Williams and Nicholas Haas. Looking on are Mrs. J. E. Erwin and Andre Arceneaux. Mrs. Erwin is the outgoing president of the Hancock County alumni group.

A FINALIST - Dale Russell, a 20-year-old University of Southern Mississippi Junior from Bay St. Louis, does a "Gibson Girl" dance skit that placed her in the ranks of the top ten finalists in the Miss Southern Pageant at USM. Dale, the daughter of Judge and Mrs. Dan M. Russell, Jr., is president of the USM Panhellenic Council, a cheerleader, a Pom-Pom girl and an officer of Delta Delta Delta social sorority which sponsored her in the contest. (USM PHOTO SERVICE)

CANDIDATE FOR MAYOR

BAY ST. LOUIS

If I am elected as your Mayor, I pledge the following:

1. I will give you a progressive, experienced, and sound administration.
2. I will construct and maintain good paved streets and drainage.
3. I will not vote for any bond issue unless it is presented to the voters and approved by a favorable vote. If it is defeated, I will not slip it through the back door against the will of the majority.
4. I will establish a youth recreational program.
5. I will construct two landing ramps for launching boats, one at the northern and one at the southern sections of the city.
6. I will appoint a 10 member committee (2 from each of the 4 wards and 2 from the new annexed territory) for the purpose of discussing and handling matters of importance.
7. I will not increase your taxes.

The above promises can and will be accomplished with no increase in taxes but by using the present sales tax that is collected monthly by your city. The amount of sales tax that was collected by the city of Bay St. Louis in the year 1965 was \$141,186.99

I am an independent candidate as I have always been. I am not controlled by any individual, group, or organization. I will perform my duties that will be for the benefit and progress of our city.

APPARENTLY QUITE a large number of readers have de-
clined to believe the topic of last week's column lead men-
tioning a few of the more common superstitions. Shortly after
the first copy of the paper hit the news stands we had several
calls, and though each disavowed giving serious credence to some
of the weird beliefs which had been passed down in their families
through the years, they came up with some most interesting
little tales. We'll wait for a week or so before returning to the
subject, as it's sometimes been months before we've heard the
final opinion on certain subjects. For instance, we mentioned the
poem which began 'I shall pass through this world but once,' etc.,
searching for the correct name of the author in early October,
and were still getting mail and phone replies in January.

ONE CALLER reminded your writer that such omens were
hardly a novelty in the column as for years we've been mention-
ing the 'coincidence' of cold weather returning just exactly at the
time pavorberies pop into blossom. We'd never given the fact
that this is strictly just as much of a superstition as is the time
honored February appearance of the mythical groundhog. A
little more research also reveals that despite the fact that
scientists disavow any connection with the effect of the moon upon
successful planting of crops, men have, for thousands of years
been aware that tides move with the apparent revolution of the
earth. We also learned that there are also tides in the air called
lunar winds. These move at only one-twentieth of a mile per
hour and blow high and low twice daily going eastward in the
morning and westward in the evening. These gentle breezes
are much too faint to be detected by humans, but there exists
a possibility that minute seedlings could be affected. As we've
discovered that there are still many who remain faithful to the
forecasts of the Farmers' Almanac, we won't get more involved
in this controversy. But, we're still interested in everyone's
views pro and con. And we can't resist mentioning that as last
week's almost record breaking below normal temperature read-
ings kept residents shivering from dawn to dusk, the small white
blossoms were in full bloom! Now back to current happenings
on the coast—at least we won't stir up any new 'mare's nests'
with simple facts about who has been doing what, and when!

EACH DAY we're feeling a bit less like 'death warmed
over' and have, much to our delight, found the energy to dis-
cover another form of relaxing amusement—duplicate bridge.
The Bay-Waveland Duplicate Club meets at 7:30 p.m. each
Monday at the Garden Center on Leonhard Avenue. For quite
awhile we've been told just how much we'd enjoy this particular
form of the game, but competing with highly critical experts
in the past had given us somewhat an aversion to 'playing for
blood,' so to speak. Members of the local group most cer-
tainly don't fall into that category. They play to win, of course,
but in a congenial, easy manner. No one seems to get in the
least 'upright' about doing that particular 'thing,' to lapse into
the current jargon. We know that there must be many who feel
as we did and have hesitated to join the club because they know
that they still have much to learn about the game—well, we
can't think of a better way to do just that. Just pick yourself
a partner and show up at the center a little before the appointed
time; or if you don't know any fellow bridge players, contact
a member of the club and he or she will be happy to find some-
one for you. Just some who play regularly and would be happy to
assist as Holland and Tom Garner, the Tom Amsters, Mildred
Means, Amelia Seafide and Helen and Joe Barbo.

AS THIS IS Holy Week, most activities were curtailed, but
if the number of people seen working around summer homes
last weekend is any indication, we're going to have one of the
largest Easter celebrations in many a year.

COLEMAN AVENUE is springing back to life in a big way
with the opening of two new enterprises. Bea Georgi has elab-
orately decorated her new Waveland Blue Room which is
available for wedding parties, anniversaries, birthday cele-
brations, showers and the like. Royal blue wall-to-wall car-
peting covers the floor and a blue and white color scheme is
carried out in lamps, mirrors, furnishings, wall hangings and
drapery. There's also a completely equipped kitchen for those
wishing to prepare their own refreshments, or Bea will make
arrangements for catering if that's what the hostess prefers.

FRENCH PASTRIES will be the specialty of the house in the
freshly painted restaurant across from L'il Super Food Mart.
Helen Reuther who is quite well known locally for her baking
skill is owner and operator of the new establishment.

PAPERBACK NOVELS are still very urgently needed for
our fighting men in Vietnam. Vivian Simm's son Sergeant
Major D.N. Simm, a 29 year veteran of the U.S. Marine
corps, wrote her saying that such reading matter is much
appreciated by members of his platoon. Vivian recently ran a
classified ad and Udeil Favre responded with two boxes of
books, but we're certain that there are many more in the vic-
inity with novels to contribute. If you wish to donate just phone
Vivian at 467-6879 and she will gladly pick up any and all which
are offered.

ANOTHER REMINDER that Las Vegas Night draws near.
Saturday, April 12, is the date for the second annual Cancer
Fund benefit and if you're one of those who didn't make it
last year, don't make the same mistake again. You'll have a
ball while assisting a most worthy cause. Tickets are on
sale at downtown's Gulf Thrifty Drug, Anthony's, Bobby Ann
Baker's, and Mickey Shop and Waveland Drug.

HILTS (Mrs. DAN) Beyer was in town when the
birthday celebration was held Tuesday, March 25, at the home of
Dolyn (Mrs. W. E.) Baker.

COLE AND MRS. MARCEL Gills are due to leave home
from Florida sometime this week after spending the last
three months in Florida. They will be accompanied to Wav-
eland by their daughter, Mrs. Henry Restarick.

AS WE'RE forced to obtain much information second or even third hand these days,
we're bound to make more errors than usual. Our very good
friend Mr. Carl Oster called to say that he's a patient in room
22 at Hancock General Hospital, not the Marine Hospital. He was
admitted after suffering a heart attack while at sea on March

MR. AND MRS. MICHAEL NECAISE

Necaise-Cuevas Vows Exchanged

Miss Jo Ellen Cuevas and Mr. Michael Necaise exchanged wedding vows on Saturday, March 8. The double ring ceremony was performed in the Moselle Baptist Church, Moselle, Miss., the Rev. Mr. Spaulding officiating.

Given in marriage by her brother-in-law, Mr. Laurent Necaise, Jr., the bride wore a knee-length dress of white lace over satin, with an empire waistline and scoop neck. She wore a shoulder-length veil.

Mrs. June Necaise, sister of the bride, was matron of honor, while Mr. Anthony Ladner served as best man.

Baskets of pastel flowers graced the altar.

A delayed reception attended by many friends and relatives of the newlyweds was held on Saturday, March 22, in the home of the David Shanahans in Waveland. The bride's table was centered with a three-tiered wedding cake topped with a miniature bride and groom.

visitors were able to 'kill three birds', as the saying goes. That remark doesn't sound to be in very good taste, but fortunately none of the above were seriously ill.

MR. RAYMOND LARON-TAINE recently suffered a severe stroke, but is now able to enjoy automobile rides.

MISS HAZEL (Aunt Tip) Bordages has been ill. She is recuperating at the Lakeshore home of her niece, Belle (Mrs. Charles) Peterson.

LEATRICE and Leonard Lafontaine and their pride and joy, daughter Samantha, have moved into a 'new' home in Waveland.

INCIDENTALLY LITTLE Samantha's grandparents, Rae and Ray Rasmussen became grandparents for the second time in just one day more than two months. Their daughter Mrs. R. N. Garrett, Jr. gave

Party Honors Mrs. Lirette

Mr. and Mrs. Fred W. Thelen, 17, celebrated Friday night at their home on Waveland with a farewell party honoring Mrs. C. K. Lirette.

Mrs. Lirette will join his family this week and they will leave for Washington, D. C., where they will make their home.

Guests included Dr. and Mrs. Kenneth M. Laughlin, New Orleans, who have been in the city for a short time, and who are leaving for Washington, D. C., where they will make their home.

JOAN (MRS. ALEXIS) Saknolky (and that's the way it's spelled in the phone book, but it still doesn't look right), whom we should have officially welcomed to Waveland a couple of months ago, insists that her latest virus just has to be her last illness of the year. She's had the flu, pneumonia once, in addition to a number of less serious illnesses.

KATHY HAAS, who just cut her fifth birthday cake on March 6, surprised even her mother Betty (Mrs. Over) Haas with skill as an equestrian. Kathy was quite pleased when Kathy took second place honors in the child's riding class at a horse show at A. and M. Quarterhorse Ranch at Carrere Saturday. Just for fun she allowed her enter western pleasure competition for boys and girls 14 and under, and could hardly believe her ears when her daughter's name was called as winner of the first place trophy.

MARCELLA BRADLEY doesn't seem to be as much worried about her illness as she is about being forced to miss her German shepherd, Rex's first birthday party on April 2. Marcella has been hospitalized in Hancock General three times since the first of the year and was transferred to a Hattiesburg hospital for further treatment on Tuesday.

WE HOPED to have news of the Capdepon family for this week's issue, but when we tried to return "Cap's" phone call, she had departed. She and Henry may be off on another of their frequent trips.

SIGHTS AND SOUNDS ALONG THE WAY - A handsome pair of horseback riders galloping happily, illegally, along the beach; stables adorned in Easter finery in appropriate shades of pink, lavender and white; dainty dogwood blossoms giving pale green woodlands a fairyland appearance and the singing sounds of the drone of hundreds of honeybees as they swarm about a flowering shrub.

NORMA AND BILL Mason drove in from Colorado Springs, Col. and located old friends Marie and Hap Carter with the assistance of the Waveland Volunteer Fire Department last Sunday. It was the first reunion of the Masons and Carters in 18 years. Bill and Hap were members of the same squadron when based at McDill AFB, Fla.

MUCH APPRECIATED was a lovely card from Betty (Mrs. M.D.) Ireland who seems to be extremely happy since returning to her former home in Kohler, Wis. Betty always asks us to say 'hello' to her many friends on the coast.

ANIMAL NOTES - Dogs and cats we can handle, but didn't know just what to do when Bob Geiger phoned to report a lost pony wandering around the vicinity of his Beach Boulevard home last Thursday night. The animal was light brown with mane and short bushy tail of a darker shade of the same color. The hour was a little late to phone our early rising equine advisor, Betty Younger Haas -- at last report the pony was bound for Clearmont Harbor, just in case he hasn't returned home by now.

COMPLAINT DEPT: Warnings of some sort need desperately to be placed all along Beach Blvd. Probably proceed at Your Own Risk would be an appropriate notice for visitors who are unaware that the roadway is under construction. One day last week a slab of concrete easily large enough to overturn a Sherman tank had fallen onto the thoroughfare and

CLYDE LADNER was feted at a family dinner party hosted by his mother Bec Ladner on his birthday, Monday, Mar. 24. LATE AGAIN, but we still want to extend congratulations to Belle and Mr. Clem Penrose, who were wed 60 years in February.

MAT AND Jimmy Ryan are parents of two honor students. Their daughter Bess made the president's list at the University of Southern Mississippi, which was duly printed in a release from the school, but the fact that their son Mike's name should have been included in those attesting the dean's list

RAYMOND LADNER now possesses the living end in luxury lawn-movers. The new machine even boasts its own cigarette lighter!

DEEPEST SYMPATHY is extended to Ella Ray Garwood upon the death of her husband Ray. Although Ray had been through three major operations in less than a year, he was still able to manage a smile for his friends when attending the St. Patrick's Day parade just a few days before he passed away. He was one of our most faithful readers and correspondents and we're very sorry that we did not know that he had succumbed until several days after the funeral.

IT'S IMPOSSIBLE to give credit due all workers participating in a project as large as the St. Stanislaus Sideline Club seafood dinner. But we do think we should make a mention to Big John Rutherford who fried fish steadily from 4 p.m. until the last mouthful was devoured without taking time out for either food or drink.

SYLVIA (Mrs. Ralph) Largent reports that she and other Bay-Waveland Garden Club representatives, Ethel (Mrs. Clarence) Evans, Grace (Mrs. Herb) Baron, Dot (Mrs. Dan) Russell and Pat (Mrs. Joe) Vi-guerie had a wonderful time at state convention last week. Their enjoyment was heightened by the fact that they brought home a total of six ribbons awarded the local group.

Party Honors Mrs. Lirette

Mr. and Mrs. Fred W. Thelen, 17, celebrated Friday night at their home on Waveland with a farewell party honoring Mrs. C. K. Lirette.

Mrs. Lirette will join his family this week and they will leave for Washington, D. C., where they will make their home.

Guests included Dr. and Mrs. Kenneth M. Laughlin, New Orleans, who have been in the city for a short time, and who are leaving for Washington, D. C., where they will make their home.

JOAN (MRS. ALEXIS) Saknolky (and that's the way it's spelled in the phone book, but it still doesn't look right), whom we should have officially welcomed to Waveland a couple of months ago, insists that her latest virus just has to be her last illness of the year. She's had the flu, pneumonia once, in addition to a number of less serious illnesses.

KATHY HAAS, who just cut her fifth birthday cake on March 6, surprised even her mother Betty (Mrs. Over) Haas with skill as an equestrian. Kathy was quite pleased when Kathy took second place honors in the child's riding class at a horse show at A. and M. Quarterhorse Ranch at Carrere Saturday. Just for fun she allowed her enter western pleasure competition for boys and girls 14 and under, and could hardly believe her ears when her daughter's name was called as winner of the first place trophy.

MARCELLA BRADLEY doesn't seem to be as much worried about her illness as she is about being forced to miss her German shepherd, Rex's first birthday party on April 2. Marcella has been hospitalized in Hancock General three times since the first of the year and was transferred to a Hattiesburg hospital for further treatment on Tuesday.

WE HOPED to have news of the Capdepon family for this week's issue, but when we tried to return "Cap's" phone call, she had departed. She and Henry may be off on another of their frequent trips.

SIGHTS AND SOUNDS ALONG THE WAY - A handsome pair of horseback riders galloping happily, illegally, along the beach; stables adorned in Easter finery in appropriate shades of pink, lavender and white; dainty dogwood blossoms giving pale green woodlands a fairyland appearance and the singing sounds of the drone of hundreds of honeybees as they swarm about a flowering shrub.

NORMA AND BILL Mason drove in from Colorado Springs, Col. and located old friends Marie and Hap Carter with the assistance of the Waveland Volunteer Fire Department last Sunday. It was the first reunion of the Masons and Carters in 18 years. Bill and Hap were members of the same squadron when based at McDill AFB, Fla.

MUCH APPRECIATED was a lovely card from Betty (Mrs. M.D.) Ireland who seems to be extremely happy since returning to her former home in Kohler, Wis. Betty always asks us to say 'hello' to her many friends on the coast.

ANIMAL NOTES - Dogs and cats we can handle, but didn't know just what to do when Bob Geiger phoned to report a lost pony wandering around the vicinity of his Beach Boulevard home last Thursday night. The animal was light brown with mane and short bushy tail of a darker shade of the same color. The hour was a little late to phone our early rising equine advisor, Betty Younger Haas -- at last report the pony was bound for Clearmont Harbor, just in case he hasn't returned home by now.

COMPLAINT DEPT: Warnings of some sort need desperately to be placed all along Beach Blvd. Probably proceed at Your Own Risk would be an appropriate notice for visitors who are unaware that the roadway is under construction. One day last week a slab of concrete easily large enough to overturn a Sherman tank had fallen onto the thoroughfare and

CLYDE LADNER was feted at a family dinner party hosted by his mother Bec Ladner on his birthday, Monday, Mar. 24. LATE AGAIN, but we still want to extend congratulations to Belle and Mr. Clem Penrose, who were wed 60 years in February.

MAT AND Jimmy Ryan are parents of two honor students. Their daughter Bess made the president's list at the University of Southern Mississippi, which was duly printed in a release from the school, but the fact that their son Mike's name should have been included in those attesting the dean's list

RAYMOND LADNER now possesses the living end in luxury lawn-movers. The new machine even boasts its own cigarette lighter!

DEEPEST SYMPATHY is extended to Ella Ray Garwood upon the death of her husband Ray. Although Ray had been through three major operations in less than a year, he was still able to manage a smile for his friends when attending the St. Patrick's Day parade just a few days before he passed away. He was one of our most faithful readers and correspondents and we're very sorry that we did not know that he had succumbed until several days after the funeral.

Local Airman at Missile Launch

Airman First Class Joseph C. Lemay, formerly of Bay St. Louis, recently helped launch a U.S. Air Force Minuteman I intercontinental ballistic missile from Vandenberg AFB, Calif.

Airman Lemay, a missile mechanic, traveled to Vandenberg from his home station at Minot AFB, N.D., for the mission.

The launch was one in a series of operational testing launches conducted by the Strategic Air Command (SAC). The missile, selected at random from those on alert at Minot, was transported—with its maintenance and launch crews—to Vandenberg.

The crews operated from the Vandenberg control center where they monitored the missile in an alert status. When the launch message was received from SAC headquarters, the crews reacted, launching the missile as they would from their home base in a combat operation.

The airman is a graduate of Valena C. Jones High School.

PROCLAMATION

GOOD FRIDAY

G THE SOLEMNITY of the Memorable Day of and that the Christian world bows in sorrow commemorating the world's Greatest Tragedy,

IS BUT meet and proper that our people, too, in every day activities as far as possible and with their every day life and pursuit, to do honor glorify the Resurrection of One who was sacrificed the expiation of sins of Mankind.

ORDER to pay tribute to the Holy Redeemer, of the City of Bay St. Louis, do hereby proclaim April 4th, 1969, as a DAY OF HOLY AND

REVERENCE: that our acts and attitude be such hence to the day;

FURTHER attestation of our feelings of res-ow, and as an outward mark, I would re-ognize that every place of business in the City of Bay ose their doors and cease business on this day ate the hours of agony OUR LORD suffered

Seems like the weather is leveling off. Have had some pretty good fishing days the past week. Green trout and perch have been hitting and nice catches are being made, as said before, where good water is found.

Most rivers and bays are still bad from the effect of the rains which occurred Sunday a week ago. With no rain our local streams will all clear up soon.

With Pearl River having an extra high tide at Jackson now we can look for more bad water in the river proper in the Pearl-rington area. Tributaries have good water at the head. It will be probably a month or two before the main Pearl clears up.

Fishing ordinarily in Pearl River is excellent as long as the water remains good. Won't be long before salt water fish, speckles, red fish, bull croakers, etc., will make their appearance in the mighty Pearl. Heard that fresh water fish are being caught in the Ross Barnett Reservoir at Jackson. Will be up there for Easter and will try them out.

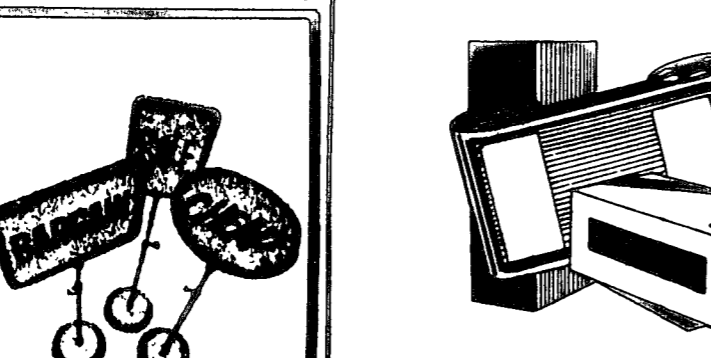

Now that perch are beginning to hit small fly rods bugs, goggle-eyes are being mostly caught. They are running extra large and hitting furiously. Several good catches were reported this week.

Regarding salt water fish, Eddie Engelhorn told us of the speckle trout and channel mullet he has been catching in front of the Pass Christian Harbor. Eddie said he is going back to fishing in a big way. He loves it, he stated.

You can still get oysters on the half shell out at the Show Boat on Jordan River. Bill Stewart and his crew are ready to serve you.

Mary Waltman one of our local fishermen was given a birthday party this week by Viola Schwall, Margaret Genna and Pops Seuzeneau at Chateau Sou. Mary lived on Jordan River and has been fishing all her life. She is the daughter of the late Alfred Cappellich. Enough said.

It is always nice to meet Mr. and Mrs. Emile Willis. Their home is on the 9th hole at Pass Christian Isles Golf

Course. Must be nice to have a golf course in your front yard. Both are ardent golfers.

James J. Rada, Jr., has a camp on Jordan River. James enjoys fishing and hunting. He spends most of his leisure hours outdoors. Know anything better?

"Little Cliff" Piazza is an ardent fisherman. He learned early and keeps it up. Hunting is another of his favorite sports.

Jerry and Mary's Lounge on Highway 90 is an ideal place to get that repeat on the way fishing or on the way home. Wonderful folks to know, too.

Fishing is like making love to a widow. You can't overdo it.

Laurence Sonier, a member of the Waveland Police Force is out fishing when not on duty. He says he doesn't know anything better.

Fathers Joe and Adrian Mercier of Jackson love to fish.

Last week Father Joe brought home a 10 lb. red fish. Of course he got it on a silver hook. They are the sons of Al Mercier our local fisherman.

Our old friend, Gerald S.

Tennis To be Played Here

JEFF DAVIS

J.D. McCullough, capt. of the city tennis team, announced this week that Bay High School will host an outstanding exhibition tennis match on Sat., April 5th, at 10 a.m. Four high-ranking college stars will display their skills for Gulf Coast tennis fans on Bay High's excellent new tennis facilities which have just been completed. Three matches are scheduled.

Match No. 1 will feature Jackson's Jeff Davis vs. Australian Star Max Nalder. Both of these boys have impressive credentials. Davis is a two-time state and city Jaycee champ, and has been winning tennis trophies since jr. high school days. Nalder, Davis's teammate at Belhaven College, was ranked number two high school player in Australia in 1968.

Singles match No. 2 will feature Laurel's star Susy Grafton vs. Jackson's Janis Graves. Miss Grafton was last year's Miss, State High School mixed doubles champ and had previously won rankings in every age group since jr. high days. Miss Graves is one of Mississippi's most outstanding tennis players, having won the Miss, State Girl's Singles championship three consecutive years. Last year Miss Graves defeated Culport's Jo Wilson for the State High School Girls Singles Championship. Miss Graves was also River Hills Ladies Singles champ in 1966.

Match No. 3 will feature Grafton and Davis vs. Graves and Nalder in mixed doubles. Directly after the three matches these young collegiates will offer to counsel with high school and jr. high school tennis players wishing help in improving their game.

Bay St. Louis is honored to host this group of fine young athletes and all tennis fans are invited to attend. No admission will be charged and bleacher seats will be provided. A brief dedication ceremony will be held by school officials to officially open Bay St. Louis' excellent new high school tennis facilities.

Pvt. Leland Netto

Completes Course

Private Leland J. Netto, Jr., 19, whose parents live in Bay St. Louis, Miss., completed a general vehicle repairman course Feb. 28 at the Army Armor School, Ft. Knox, Ky. During the eight-week course, he was trained in the recovery and maintenance of wheeled and tracked vehicles issued to armor units. His wife lives at 123-E St., Bay St. Louis, Miss.

JANIS GRAVES

Mr. McCullough announced also that a new lighted baseball field will be completed soon. Lighting of the three new tennis courts will be completed at a later date. With the completion of this work Bay St. Louis will have the most outstanding tennis facilities in South Mississippi.

Pvt. Clifford Loe

Complete Training

Pvt. Clifford Loe, 23, son of Mr. and Mrs. Robert Loe, Rt. 3, Piquette, Miss., has completed basic training at Ft. Polk, Ga. He will remain stationed in Ft. Polk for an eight-week course in small wheel mechanics.

A 1967 graduate of Hancock North Central High School, Loe was formerly employed by Cieggs Building and Repairs, as a carpenter.

He is married to the former Patricia Baughman of Waveland.

Hairdressers Show To be April 26-28

Plans for the Mississippi Hairdressers and Cosmetologists Association 8th annual Beauty Fashion Show April 26, 27 and 28 are now nearing completion according to Mrs. Pauline Gray, Starkville, President of the Association.

Approximately 1,500 hairdressers and cosmetologists from across the state are expected to attend the Association's annual trade show at the Heidelberg Hotel, Jackson. The 1969 trade show will feature some of the nation's top hair stylists, demonstrating new hair trends.

Included in the schedule will be five hair styling contests in addition to the Mississippi Hair Fashion Committee's Closed Trend Competition. The Mississippi Hair Fashion Committee is composed of the top 42 hair stylists in the state. Each MHFC member will present a model in the latest hair trend for both evening and daytime wear. Winner in this competition will represent the Association at the National Hairdressers and Cosmetologists Association's convention in Hawaii this July.

Other events planned for the trade show include a dance with the Billy Fuz Orchestra, crowning of the 1969 king and queen and a beauty salon management course.

Hospital Directors

To Meet on April 15

A Mississippi Association of Hospital Personnel Directors has been organized and will elect officers and adopt by-laws April 15, in Jackson.

Temporary chairman is Pat Gilliland, personnel director of University Hospital in Jackson. Temporary secretary is Harold Boyer, personnel director, Mississippi Baptist Hospital, Jackson. Both were elected at an organizational meeting held at the headquarters building of the Mississippi Hospital Association, where the April 15 meeting will be held.

Health Ed. Workshop Set at Miss. College

Mississippi College will host a Health Education Workshop as part of its summer program Dr. John Blair, chairman of the Division of Education and Psychology, announced this week.

Sponsored by Mississippi College in cooperation with the Mississippi School Health Service of the State Board of Health and the State Department of Education, the workshop will run July 10 through August 1.

Dr. Blair said that the three-week session will carry three semester hours of graduate or undergraduate credit. Students who have not attended Mississippi College previously will have to make formal application to the college and pay an application fee of \$10. The fee for the workshop will be \$87.45.

Participants who desire will be housed in one of the air-conditioned residence halls on campus and meals will be taken in the college cafeteria. Cost of rooms and meals will be \$78.
